SU safety confirmation system SU 【ANPIC】

Saitama University has introduced a safety confirmation system [ANPIC] to respond to emergencies in the event of a major earthquake.

○When the Japan Meteorological Agency announces an earthquake with a seismic intensity of 5 or higher in the Kanto area, a safety confirmation email will be sent to students' smartphones, mobile phones, and PCs.

◆ The safety confirmation email will be sent to the address registered in the CAMPUSSQUARE.
Be sure to register the email address of your smartphone or mobile phone in the CAMPUSSQUARE.

○ Please make it possible to receive the e-mails from [no-reply@jecc.jp] with the specified reception setting.
Click here for changing your reception setting → https://www.anpic.jp/mailinfo/

○When you receive the e-mail, please access the URL in the e-mail as described below and report the safety status. (We will also deliver test emails for adomission and disaster prevention drills, etc.)
