A tutor will mainly support you in the following ways.

(1) Study support for international students

- General and individual guidance regarding learning and research
- Advice regarding course/lecture selection
- Guidance on Japanese language and Japanese affairs

(2) Life support for international students

- Shopping assistance to start your life
- How to use campus facilities such as library and resource rooms
- How to use transportation within the prefecture and the metropolitan area
- how to go to hospitals, health centers, ward offices, and immigration bureaus
- Mobile phone contract procedures
- Searching for a private apartment and procedures for moving in
- Payment procedures for various utility charges (rent, telephone, health insurance, etc.)

However, the support for tourism and entertainment like followings will be limited.

- I want you to arrange a hotel for your trip.
- I want to know about Japanese culture, so I would like to be guided around tourist attractions and Japanese restaurants.
- Procedures for joining a sports gym
