5. Notes

• The "List of international students" will be created with reference to the above application form that you have answered, and will be released on the website. However, no information that identifies individuals, such as names and email addresses, will be released and the list may only be viewed by Saitama University students.

• Please note that Japanese students are not language education professionals. The purpose of the program is not a Japanese lesson like grammars to be taught, but to increase opportunities to use the Japanese through daily conversation and to get used to it. Please apply with the understanding of the above, and that you will respect each other's cultures, values, and the ways of thinking.
